

GUIDELINES FOR SKILLS DEVELOPMENT ASSISTANCE PROGRAM

Country Arts SA's Skills Development Assistance Grants are available to support artists and arts workers to participate in professional development opportunities. These grants provide assistance with costs associated with undertaking professional development opportunities such as workshops, conferences, seminars etc. The grants are fast-turnaround and are intended for those who wish to undertake a time sensitive skills development opportunity. Country Arts SA's Skills Development Assistance Program is managed by Country Arts SA on behalf of Arts South Australia for the South Australian Government.

What is classified as a skills development opportunity?

The following activities are considered skills development opportunities:

- participation in courses, residencies, workshops etc;
- mentorships with a professional artist whose practice is suitable to your development;
- attending a conference, masterclass, seminar, performance, exhibition etc;
- work experience, internship or volunteer role;
- the engagement of a professional artist (or artists) to run workshops or deliver a presentation in your community – in this instance the grant will be used to cover the travel and accommodation costs of the artist/s that have been engaged, rather than the applicant.

If you are unsure about whether your skills development opportunity is eligible, please speak to a [Country Arts SA team member](#).
